(SERVICE LIST ATTACHED)

BY THE BOARD:

On January 25, 2002, United Telephone Company of New Jersey, Inc. (Petitioner) filed a petition with the Board of Public Utilities (Board) to make a non-rate affecting tariff change. The filing proposes to increase the numbers for assignment from six to twelve for Express Touch features, Selective Call Forward and Selective Call Ring. Selective Call Forward enables a customer to transfer select calls to another telephone number while Selective Call Ring provides a customer with a distinctive ringing pattern for specific telephone numbers.

These features will only operate on calls originating and terminating in central office serving areas that are connected by signaling system 7 technology.

These proposals have no adverse effect on Petitioner's ability to provide safe, adequate or proper service.

The Board therefore, FINDS that Petitioner's request should be GRANTED and hereby APPROVES Petitioner's request.
